## Select Greens Exports

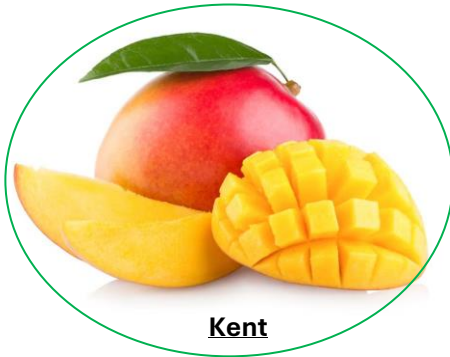

### MANGO DATA SHEET

### Product Overview

Select Greens is a leading Egyptian exporter of fresh and frozen fruits and vegetables, proudly supplying global markets. Egyptian mangoes are widely recognized for their rich flavor, natural sweetness, attractive appearance, and diverse variety portfolio, making Egypt one of the most promising mango origins in regional and international markets. Grown under favorable climatic conditions with abundant sunshine and fertile agricultural land, Egyptian mangoes develop exceptional taste profiles, high Brix levels, and strong fruit quality that meet the expectations of fresh produce importers and consumers worldwide.

The Egyptian mango season offers a strategic supply window extending from July to October, allowing exporters to supply premium-quality mangoes during periods of increasing global demand. Egypt produces a wide range of local and international mango varieties, serving different market segments including premium retail, wholesale distribution, food service, and traditional markets.
